**PRESCHOOL
AND
DAYCARE
PROGRAMS**

October 2009

This directory of preschool and daycare programs was compiled by the Shenendehowa PTA Council Preschool Committee.

This directory includes only those licensed preschool and daycare programs located within the Shenendehowa Central School District boundaries.

Before placing your child in any program, talk with the director and make an appointment to visit the school. Decide which program is most likely to fulfill your child's needs.

If you would like to find out more about our group, please send an e-mail to

preschoolpta@cliftonpark.org

We are always welcoming new members! New members are vital to keep these shows and programs available to Preschoolers and their families!

(518) 280-3616
crownjewels18@yahoo.com

Director: Suzanne Currier-Aproian, Ph.D.

Ages: 3 and up

Sessions Offered:

Full Time
Part Time

Season: Open all year from 7:30 to 6:00.

Program: We offer a full day preschool program that is designed to meet the cognitive, emotional, physical and spiritual needs of children ages 3 to 5 years. The preschoolers day consists of circle times, reading, art, music movement, science table, daily outdoor activity, free play centers and quiet time. Our program is unique in that it offers an environment where children can learn about God and develop morally. We have several ways of accomplishing this. There is a specific bible story for each month which corresponds with the theme for the month. They have a daily time focused on learning about Christian values and practicing them such as learning about thankfulness and then being thankful for their families. We make learning about God fun as we integrate it into other academic pursuits so that it becomes real to the children. Our staff are educated, certified and devoted to the children and their development. Our building is a large facility with NYS accreditation as a daycare center however we provide a home-like environment nestled in a residential setting where the children and parents feel comfortable and welcome.

Crown Jewels also offers a kindergarten wrap around program and an afterschool program which offers circle times which build upon what they have learned in school as well as arts and crafts, outdoor activity/games, backpack time where the children can show what they did at school or do their homework and God time. We provide before care as well.

Our center is conveniently located right off exit 8 of the Northway just past Okte school on the left. We offer competitive pricing, additional child discounts and enrollment incentives. We welcome you to stop in any time and visit us and bring your crown jewel. Our teachers, Miss Laura or Mrs Robyck would love to talk with you or if you would like a tour call Dr Suzanne @ 280-3616 or 588-9458.

We are CROWN JEWELS where your jewel is "safe in the hands of the King."

Program: A place where your child can learn and explore in a creative atmosphere/ We follow a theme-based curriculum that helps children prepare for kindergarten. While working on different themes, we will also be concentrating on math concepts, letter and sound recognition, number recognition, fine motor skills, and socialization skills to name a few. To expand on our themes, we will go on field trips through out the year. We believe in center-based learning, which means that the children are able to move around to different hands-on activities through out the classroom. We give the children many opportunities to "think outside the box" while they are learning through play at the activities. We understand that this is the children's first experience in a school setting. We want to make it as positive as possible to make learning an enjoyable experience for many years to come.

Philosophy:

We believe each child is a unique individual. We provide a loving, nurturing, creative environment for children. We are sensitive to their social, emotional, intellectual, and physical needs. We provide developmentally appropriate programs that focus on the process of learning while also helping them to enjoy many other successful experiences. We encourage not just learning, but the love of learning. We believe in providing a physical environment that is safe, clean, healthy and child friendly. Classrooms are arranged to offer challenging play and learning choices at a range of developmental levels. Learning centers allow children the opportunity to explore, to experience, and to succeed.

Program: This is a part time educationally based program in a classroom setting that children attend independently. Our philosophy revolves around the concept that children learn by doing. It's our desire to provide the best possible program for children to build a foundation for their formative years through growth and discovery.

Our preschool program is child centered and designed to meet the developmental needs of young children. Early childhood years should be a time of warmth, security, exploration and discovery. Our program strives to meet these needs for each child in our care.

Each day our primary educational goal is to develop the whole child through literature, play, art, learning centers music and movement. Our program and classroom have been designed to develop a child's spirit and treat each child as an individual. Our teachers are here to encourage, nurture and guide the children through their daily activities. Each child will have the opportunity to learn at their own pace. We believe that the process of learning is more important than the end product and that children learn best through play.

It is our hope to provide an environment so richly child based that the children in our care will begin a love of learning that will continue throughout their educational years.
