

**The Earth Science Practicum will be held on
Tuesday, August 10, 2010.**

Students taking the Earth Science Regents examination can no longer roll over their score from June.

If you are attending an Earth Science class during summer school, the practicum will be held during your class.

If you are attending the Earth Science practicum as a walk-in (not in summer school) you must report to High School East at 12:45.

***** Failure to take the practicum will result in the student being ineligible to sit for the Earth Science Regents examination!!!*****
